****Tournament Hosts: Many school districts now require proof of Non Profit Status. I have that paperwork, please let me know if you need that and what your districts requirements are regarding when you need to submit Proof of insurance information. I have also thought about sending an information letter to each school district explaining that our organization is part of the USOC, is a non-profit organization and how our events and athletes are insured. There have been two high profile cases in Orange County this year concerning how money and events were handled. An AD and long-time coach was asked to retire over a facilities contract with NJB and a number of AD's and coaches are under investigation over kickbacks from a private business. Please be careful and follow your district's policies. The economy as it relates to school budgets have made honest mistakes into possible problems.
